

Vania Piccioli, RIBA
Project Director

Vania joined Darling Associates in 2006, where she has specialised in the residential and commercial sectors. Her recent work includes a number of large scale high-end private residential schemes and BTR developments in central London, the conversion and extension of a Grade II listed school to provide luxury care homes, and the interior design of a high-rise residential development in Sidney, Australia.

Previous projects include an award winning new build office development in Maidenhead, private residential schemes in Ealing, Chelsea and Abu Dhabi, an affordable scheme in the Isle of Dogs comprising 189 apartments, hotels and commercial schemes in Ealing and Maidenhead.

Vania is a member of the Technical Steering and ISO groups within the practice, as well as one of the studio's Mental Health First Aiders.

Vania studied Architecture at University of Florence, and Universitat Politecnica De Catalunya, she graduated with first-class honours with distinction and qualified as an architect in Italy in 2005. Subsequently, Vania joined Anna Conti Architecture in Florence, where she managed several in-house projects as well as carrying out research on contemporary housing. Vania relocated to London in 2006.
